Major Points of POSH Policy

1. **Definition of Sexual Harassment**
   Clearly outlines what constitutes sexual harassment, including physical contact, inappropriate jokes, sexual advances, display of pornography, and any unwelcome behavior of a sexual nature—verbal, non-verbal, or physical.

2. **Scope of the Policy**
   Applicable to all employees, interns, consultants, vendors, and visitors across all company premises, including virtual/remote work environments and work-related events outside office premises.

3. **Zero Tolerance Stance**
   Declares the organization's strict zero-tolerance approach toward any form of sexual harassment to create a safe and respectful workplace.

4. **Formation of Internal Committee (IC)**
   Mandates the establishment of an Internal Committee at every office or branch with more than 10 employees. This committee is responsible for investigating complaints and ensuring fair resolution.

5. **Complaint Redressal Mechanism**
   Provides a clear, confidential, and time-bound process for victims to file complaints and for the Internal Committee to investigate and resolve them.

6. **Confidentiality Assurance**
   Ensures strict confidentiality of the complainant, respondent, and witnesses throughout the inquiry process and after the resolution.

7. **Protection Against Retaliation**
   Safeguards complainants and witnesses from retaliation, victimization, or discrimination for reporting or assisting in an investigation.

8. **Timeline for Complaint Resolution**
   Specifies a defined timeline—usually 90 days for inquiry and an additional 10 days for report submission—to ensure prompt justice.

9. **Awareness and Training Programs**
   Requires regular sensitization sessions and workshops for employees and IC members to raise awareness about rights and responsibilities under the POSH Act.

10. **Disciplinary Action**
    Lists potential disciplinary actions against the offender if found guilty—ranging from written warnings to termination—depending on the severity of the misconduct.
